

Catherine Brownlee - President

Alberta Enterprise Group

PO Box 22017 RPO Bankers Hall

Calgary, Ab. T2P 4J1

Dear Ms. Brownlee,

It is with utmost respect and pleasure to submit this note in support of the Alberta Enterprise Group. While I had not been as active in the first year of membership as I had wanted, I have since come to realize the breadth and depth of the benefits associated with participation in this organization over the last six months.

During your short tenure as President, I have had the pleasure and honor of hosting several members of a trade mission, been reacquainted with past contacts in industry, been invited to participate in meetings intended to support the industry I am passionate about and more recently been given an opportunity to meet our Honorable Premier: Ms. Smith in person.

In addition, through meetings with you and other members, I have been fortunate enough to be advised of an organization I have been hoping to find for years. Thank you so much for the introduction to Canada Action and in particular the Young Canadians for Energy initiative. I have begun to research the group and based on my findings to date, I can say with certainty that they will receive my support limited only by my ability to give.

I look forward to seeing you again on March 2<sup>nd</sup> in Calgary.

Cordially,

Stephen M Gallivan

President
